

COUTURE OUTDOOR LLC

About us

Couture Outdoor is a Direct International Importer & Distributor for Residential, Commercial and Hospitality projects. Featuring an unrivaled collection of the latest Florida trends for global design, it is available throughout the world and is a leading resource for discerning clients, designers, and architects.

Couture Outdoor was created by Christine Cloaninger, a longtime innovator with decades of experience catering to affluent clientele. Couture Outdoor was the natural evolution of a void in the luxury outdoor market.

Christine, originally from Palm Beach, developed retail concepts for The Breakers Hotel after making headlines as the youngest independent store owner on Worth Avenue. Christine traveled Europe designing luxury fashion collections with the most revered fashion design houses in the world, from shoes and handbags in Italy to sportswear in Paris and one-of-a-kind custom ball gowns for society elite.
