What is Crystal Prime?

Crystal Prime is a premium disposable vape device known for its high puff count, elegant crystal-clear body, and rich flavour options. It's a hassle-free device—no refilling, no charging, just smooth vaping from start to finish.

This vape is designed for users who want convenience without compromising on style or flavour.

Key Features of Crystal Prime

Up to 7000 Puffs

One of the standout features of [Crystal Prime](#) is its long-lasting battery and large e-liquid capacity, offering extended use without fading flavour.

Smooth Nicotine Salt E-Liquid

Crystal Prime uses high-quality nicotine salt e-liquid to deliver a smooth throat hit with satisfying nicotine delivery—perfect for those transitioning from cigarettes.

Stylish Design

The transparent, crystal-like body gives it a luxurious look and feel, making it as much a fashion accessory as it is a vape.

Wide Range of Flavours

Crystal Prime vapes are available in multiple flavours, ranging from icy cool to fruity sweet, offering something for every palate.

Popular Crystal Prime Flavours

If you're wondering where to start, here are some of the most loved **Crystal Prime** flavours:
