

Discover the Lost Mary BM6000 – High-Puff Vaping That Goes the Distance

If you're searching for a reliable, flavourful, and easy-to-use disposable vape, the **Lost Mary BM6000** by Elf Bar ticks all the boxes. Designed to provide an effortless vaping experience, this device offers an impressive **up to 6000 puffs**, making it a great option for daily use without the constant need to replace or recharge mid-day.

What sets the [Lost Mary BM6000](#) apart is its **rechargeable 650mAh battery**, which helps extend the device's life while reducing waste. Paired with a **detachable battery** system, this vape doesn't just focus on performance – it also supports more eco-friendly use. You can

remove the battery for proper recycling once you're done, adding a thoughtful environmental touch that many disposable vapes lack.

Vapers will appreciate the **draw-activated design**, meaning there are no buttons or settings – just pick it up and puff. This feature is perfect for new users who want simplicity, but it also appeals to experienced vapers who prefer convenience on the go.

The **upgraded mesh coil** is another highlight of this device. It enhances flavour delivery with each puff, giving you a smoother and more consistent vaping experience. Whether you're into fruity, minty, or dessert-inspired e-liquids, the mesh coil ensures the taste remains rich and enjoyable throughout the device's lifespan.

Another benefit is the **2ml + 10ml refill tank**, providing generous capacity while staying within **TPD compliance**. This combination ensures you're getting more out of your vape without compromising on legal safety standards in the UK.

Key Features at a Glance:
